Dear Simon,

My extreme thanks to you for your diligence in uncovering significant assets for the estate that I was appointed Executor. I had worked for the deceased for many years and believed I had uncovered all of his many assets, but you were superb in your tenacity to find others.

The beneficiaries also wish to express their individual thanks to you for the service you performed on my and their behalf. You may feel free to show this e mail to any prospect for your services.

Sincerely,

Stuart Kessler, CPA
