Dear Mr. Weiser:

Please accept my sincere thanks for the outstanding work you did in recovering funds belonging to my deceased parents, which were previously unclaimed. Were it not for your involvement, we would not so much as know that such funds even existed. The professional level in which you and your staff handled this matter was truly remarkable.

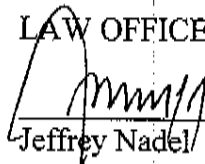

Feel free to circulate this congratulatory letter as a recommendation to anyone who might wonder about the quality of your work and commitment to achieving results.

We wish you and your entire office continued success in your endeavors.

Very truly yours,
